

Confederation Poster

/15

- Using the notes from class, and your textbook, make a poster aimed at convincing the public EITHER that:
 - Confederation is positive
 - Confederation is negative
- You will be given the role of a specific person. Make your poster based on that information, plus other facts you have found on your own.
- Your posters will be marked on whether the following requirements are included on your poster:
 1. Who you are
 2. A short and catchy slogan to express your view
 3. 3 main points on why you do or do not support Confederation
 4. The use of symbols (ex. Dark for negative, bright for positive)
 5. Creativity and neatness (exciting, easy to read, attention grabbing)

**The posters will be shown to the rest of the class in order to allow everyone to see the views on Confederation that different people in Canada may have held
